

GRASSROOTS ADVOCACY PARTNERSHIP

Regional Network Applicant

The Utah Developmental Disabilities Council in conjunction with the Family to Family Network, the Legislative Coalition for People with Disabilities, Utah Independent Living Centers, the Utah Health Policy Project, National Alliance on Mental Illness of Utah and the Utah Parent Center recently formed the Grassroots Advocacy Partnership.

To that end we are in search of a "few good men and women" to participate. We are looking for strong voices in the disability community who will work hard for what they believe in and educate policy and decision makers about our issues. We invite you to volunteer and encourage a friend or family member to join, too.
